Dressing up for Toy Story 3!

With Woody and Buzz!

Ash Wednesday Service

Seder Meal

Newcomers Lunch

## MARCH IN REVIEW

March began with **Toy Story 3!** We did our annual *last-day-of-spring break* family service as kids of all ages came together to look at the theology of Toy Story 3. Everyone brought their all-time favourite toy including their toy trains, lego, stuffed animals, and even their imaginary friends! As you can tell from the pics, it was a blast! All the sermons can be found on the podcast.

March also marked the beginning of the season of lent. We held an Ash Wednesday service, came together for weekly Lenten morning prayers, and hosted a traditional Passover Seder Meal. All of this to prepare ourselves for Resurrection weekend.

## WHAT'S ON TAP?

1. **RESURRECTION WEEKEND** – For **Good Friday** (Apr. 22 @ 10:00 a.m), we plan to remember Jesus' sacrifice by reflecting upon the "I AM" statements that Jesus spoke in the Gospel of John. It will be quiet reflective candle-lit service consisting of readings, prayer, and silence. On **Easter Sunday** (Apr. 24 @ 10:00 a.m.), join us as we celebrate the resurrection of Jesus with a dramatic monologue, jokes (yes... jokes!), and worship!
2. **H20: A Journey of Faith** – Interested to learn more about Jesus? Wondering about baptism? H20 is a video series that covers the basics of Christian faith. We will run for 8 weeks starting Tuesday May 3<sup>rd</sup>. Contact Pastor Albert for more info or to sign up!
3. **Read the OT in a Year** – The devotional blog is back! Follow Pastor Al at <http://www.thetapestry.ca/blog> as we read through the Old Testament together as a community. Follow along, blog your comments and questions, and begin this year-long journey through God's Story.

## KWANTLEN CHAPLAIN

In partnership with Kwantlen Polytechnic University, The Tapestry is creating a brand new Multi-faith Chaplaincy on Kwantlen's Richmond campus!

University chaplaincies offer a bridge between local community faith groups and the university. They encourage cultural sensitivity, social responsibility and community engagement. Chaplains also help students wrestle with ethical quandaries and sponsor forums for discussions of spirituality and life, religion and politics, and the diversity of conscience and convictions. They often play an active role in counseling students.

We are excited about this opportunity to bless the city, the university campus, and thousands of students who attend school there. Please pray for this exciting ministry and the hiring of a chaplain to join the Tapestry pastoral staff.

To get Tapped in, check our website, "like" our facebook page, send us an e-mail or just drop in for a latte! See you @ theTap!
