

JUNE IN REVIEW

What a celebration! On June 27th, we held our 6th annual Baptism Sunday! We began with a time of worship and were blessed to hear a number of diverse and amazing testimonies. We then headed over to Garry Point Park in Steveston to witness six people getting baptized and three others who choose to get dunked as a symbolic confirmation of their profession of faith. We then had a giant church beach picnic. Although the weather wasn't ideal, it was nevertheless a great time of celebration, community, and great food!

In June, we began a new Sermon series on the person and life of Joshua. What does it mean to be "strong and courageous" (mentioned four times in Joshua 1 - verses 6, 7, 9 and 18!), and how do we live that out in our present contemporary context? All the podcasts are on-line.

In the first week of July, we ran our **green** VBS with 56 kids learning all about conservation, recycling, and what it means to be good stewards of God's creation. More about the VBS (including pictures) in the next newsletter!
